

BVIKM-SBIMC TABS WORKING GROUP CHARTER

The Trainee Association of BVIKM-SBIMC (TABS) is a working group created by and reporting to the board of the “Belgische Vereniging voor Infectiologie en Klinische Microbiologie – Société Belge d’Infectiologie et de Microbiologie Clinique” (BVIKM-SBIMC).

MISSIONS

- Create a trainee network platform to build cohesion and understanding.
- Facilitate exchange, interaction, and collaboration between and with trainees.

2022 OBJECTIVES AND ACTIVITIES

- Objective 1: start-up and operationalisation of TABS.
 - Activity 1.1: broadcasting the information on the start-up of TABS to the target audience.
 - Activity 1.2: election of a TABS board.
- Objective 2: creation of a social network for trainees.
 - Activity 2.1: organisation of at least 1 social networking event for trainees.
 - Activity 2.2: organisation of at least 1 social networking event focused on the exchange between trainees and the BVIKM-SBIMC members.
- Objective 3: facilitation of the contribution of the trainees to scientific BVIKM-SBIMC and university activities (IGGI guidelines, symposia, ...).
 - Activities to be determined in a later stage.
- Objective 4: facilitation of the contribution of the trainees to educational BVIKM-SBIMC and university activities (interuniversity course, MSc hospital hygiene, ...).
 - Activities to be determined in a later stage.
- Objective 5: facilitation of the contribution of the trainees to regulatory BVIKM-SBIMC activities (recognition criteria, funding, nomenclature, ...)
 - Activities to be determined in a later stage.
- Objective 6: collaboration and/or alignment with ESCMID and ESCMID TAE activities.
 - Activity 6.1: communication of ESCMID/ ESCMID TAE news, information and activities to the trainees.
 - Activity 6.2: participation in ESCMID TAE activities and/or integration of ESCMID TAE initiatives in TABS activities.

The objectives and activities will be defined and revised once a year by the TABS steering committee.
